

# BIKES & HIKES

Thank you for purchasing this box! We hope you enjoy exploring your creative side.

## REctivity BoX

### WHAT'S INCLUDED:

- Streamers
- Pinwheels
- Tassels
- Jars of paint
- Bird houses
- Feathers
- Glue
- Nature scavenger hunt
- Chalk
- Glitter

### BIKE DECORATION

Use the streamers, pinwheels and tassels to decorate your bike or wagon!

### BIRD HOUSES

Paint and decorate your bird house. Get creative using the feathers and glitter!

### COLOR HUNT

Go on a scavenger hunt around your neighborhood with your newly decorated bike or wagon!

1. Cut out the color square and attach to a popsicle stick as your guide. (Back it with cardboard to make it sturdier.)
2. Look for items that match the colors and glue them on your final sheet!

### CHALK!

Use the chalk to play hopscotch or write a note on your driveway for your neighbors to see! See additional insert for more chalk games and activities.

# Chalk Games & Activities

Have fun with chalk!

## 4 Square

Draw your own 4 Square court with chalk, mark a number from 1 to 4 in each square, and use a bouncy ball to play this fun game. Each player stands in each of the squares, and the player in square 4 starts by bouncing the ball in their square and then hitting it towards one of the other squares. The receiving player then hits the ball to any other player. The ball must bounce in the receiving player's square once and they must hit it to another player before it bounces a second time. If the player misses a square or the ball bounces a second time before they hit it, they are "out." If there are more than 4 players, the player who is out goes to the end of the line of waiting players. If there are only 4 players, the player who is out would move to the next lowest position, 4 being the highest square.

## Chalk Maze

Have kids design their own web of squiggly lines, circles, and other lines with chalk to design a maze through which others can walk, run, cycle, or scooter.

## Alphabet Hop

Use chalk to make 26 squares or circles close to one another and write the letters of the alphabet in each. For kids just learning their alphabet, call out letters to hop from one to another. For kids who can spell, call out words to spell and have them hop using one or two feet from one letter to another.

## Sidewalk Twister

Create your own chalk twister board with at least four colors and four shapes and have another child or parent call out instructions as to where children should place their right hands, right feet, left hands and left feet. Keep the traditional rules of Twister by having kids balance while moving each hand and foot to different colored shapes without falling over or make your own rules. Have kids roar like lions on blue squares or hop like bunnies on a green circle.

## Corners

This game requires at least three players but can be played with many more. Draw a large square court with smaller squares drawn in each corner in different colors. Draw a circle in the middle of the court. One person is the "counter" and stands in the circle in the middle of the court. The counter closes their eyes and counts to ten. While their eyes are closed, the other players skip around the court and choose a corner to stand in (more than one person can stand in one of the corners). With their eyes still closed after counting to ten, the counter calls out one of the four corner colors. Whoever is standing in that color is out. The game continues until all players are out.
